

MORE THAN A DOOR

Our doors are chosen by homeowners who appreciate exceptional craftsmanship, timeless elegance and built-to-last quality. They quickly discover that all this good stuff means plenty more.

**A quieter, warmer and stylish home.  
A more relaxed, peaceful and secure life.**

## Quiet storms and cosy toes.

Close our doors and the world outside disappears. Triple glazing keeps the noise down, while virtually airtight seals keep the heat in. No thrum from lashing rain or whistling, swirling wind. Door closed. Coat off. Now you're home.

Our doors are at their best when the weather is at its worst.

For all you know, it could be blowing a gale outside, lashing rain or hailstones. Maybe all three at once. But you can't hear the wind's howl or feel the temperature drop. That's because you have an Apeer front door. Triple glazed, double rebated and twice the thickness of most others, it effortlessly keeps mother nature's wildest tantrums at bay.

VIRTUALLY AIRTIGHT

Our double sealed rebate is virtually airtight by creating an internal secondary seal.

EXTRA INSULATION

Along with our 70mm super-strong, highly insulating polyurethane core, glass elements are triple glazed for extra insulation. We can even gas-fill them for improved thermal performance.

A DECISION TO PLEASE BOTH HEAD AND HEART

Having one of the world's most energy efficient doors is a smart decision for wise heads. But it's the way it repels the blatter of rain and silences the wind's howl that warms the heart. Fingers and toes too.

Glazed units are also available with Low E glass and can be gas filled to offer improved thermal performance. \*Low E glass is only available in clear.

Good for the planet.  
Even better for your wallet.

Sealing heat in while keeping cold out, they are **A-Rated** by independent testers and far exceed the industry benchmark. By keeping more heat in your home, you'll keep more cash in your wallet.

## You're in safe hands.

We've thought of everything that can go wrong with your door. Then made sure it won't. From police-approved locks to rhino-resistant frames, you're in safe hands.

## A great night's sleep.

Rest easy - our doors are as secure as they come. Good to know, whether you're tucked up at home or away for the night.

Every Apeer door comes with a multi-point locking system as well as a super-strong, highly insulating polyurethane core that far exceeds all Police-approved security standards.

# Strength from within.

Inside every Apeer 70mm door there's a super-strong steel and metal reinforcing that forms part of the highly insulating polyurethane core. And with a vertical steel bar running top to bottom along the inside edge, our doors far exceed Police-approved security standards.

Extremely strong vertical steel reinforcing bar adds rigidity and security.

Super-strong, metal reinforced, highly insulating polyurethane core.

## We've got your back. And your front.

Install an Apeer door and you'll have the weight of our entire design team and security specialists protecting you and your home from intruders. Our doors comfortably exceed all industry standard impact and cut-through tests.

Secured by Design doors must be ordered with laminated glass.

Toughened, triple glazing housed in reinforced mouldings with the optional extra of laminate glass for optimum security.

Extremely strong vertical steel reinforcing bar in our doors adds rigidity and security.

A strong coupling bar adds strength and stability.

Multi-point Yale locking system features two rollers, three hooks, two deadbolts and a latch. It secures the door from top to bottom.

Hardened steel hinge bolts make it virtually impossible to force open our doors or lift them off their hinges.

### Ultimate Ultion Upgrade!

We also offer an optional upgrade to a high security 3\* anti-snap Ultion Cylinder. Should a burglary take place within 5 years from the date of installation and entry was achieved by snapping an Ultion lock, **Ultion will pay you £2,000\***.

\*Activation required within 28 days of installation. Full T&C's apply.

In order to ensure the best quality accessories are used on Apeer doors, New World reserves the right to replace any of the above options as required. Hardware comes with manufacturer's warranty. Please note the high level automatic lock is not suitable for all users and we recommend you check with your supplier before final order sign off.

## Doors with a unique personality and character: yours.

Your front door is the focal point of your home's façade. But it's more than just an entrance. It speaks to the world on your behalf. It reflects your personality and stands for the same things you do. If that's impeccable taste, craftsmanship and protecting your family from mother nature's tantrums you've come to the right place. And if it's also about standing out from the crowd, our standard colour choices or colour matching options are right up your street.

Perfectly yours.  
You pick the colour, we match it.

Express your individuality with a virtually infinite combination of door styles, colours, glazing and accessories. If one of our 27 hues isn't exactly what you're looking for, our manufacturing process enables you to match your door to most colours. Simply bring along a RAL or BS colour reference and we'll match it.

LOVE ELEPHANTS?

We can colour match to your favourite animal - even if it's an elephant.

Metallic Colours are not available. There is an extra charge for Premium and RAL/BS colours. We may not be able to match all RAL/BS colours.

Check out our standard and premium colour palettes.

LOW MAINTENANCE

To keep your Apeer door looking great, gently wipe down your door with warm soapy water and a soft cloth.

Metallic Colours are not available. There is an extra charge for Premium and RAL/BS colours. We may not be able to match all RAL/BS colours.

Agate Grey is part of our standard colour range.

Every effort has been made to reproduce the colour of our Apeer doors and the coloured film in the decorative glass designs. However, printing constraints will give rise to some colour deviation. For exact colour matching please request a colour sample from your approved supplier before purchase. Please note the grain on the GRP Apeer door does not replicate the grain on the frame as it is a PVC foil. The grain and colour on the Oak and Rosewood doors are not an exact match to the Oak and Rosewood PVC frames.

Add a personal touch with bespoke, handcrafted glass designs.

You've chosen the door style and picked a colour that perfectly complements your home. Now for the finishing touch: glass designed by you and handcrafted by our in-house artisan glaziers.

CLEARLY YOURS

Our in-house glaziers have pulled together some of their favourite, on-trend designs. They are available across our range and are an easy way to make it clear that it's more than just a door - it's a welcome new addition to your family.

Doors that sound as good as they look.

The solid 'thwump' when you close an Apeer door sounds like no other. It's a signal of its superior construction, reinforced frame and virtually airtight seals. 'Thwump' - it's short for great looks, safer homes and cosy nights in by the fire.

Apeer may come in two formats but the principles behind each remain the same. Whether you choose the 70mm thick double rebate seal, or the ingenuity of the 44mm thick single rebate seal, both perform exceptionally well in terms of energy efficiency, security and appearance.

\*Cutout shows Apeer 70mm on left and Apeer 44mm on right. The door codes featured in the brochure refer to Apeer 70mm door range.

**Apeer 70mm Door Construction:**  
70mm super-strong, highly insulating polyurethane core. High strength, expanded steel and metal reinforcing. Double rebate draft seal with GRP inner frame. Handmade, triple glazed decorative units. Double steel hinge bolts and lifelike grain.

**Apeer 44mm Door Construction:**  
44mm super-strong, highly insulating polyurethane core. Double glazed Q seal warm edge super spacer system. Timber frame effect raised mouldings. Flush fit and lifelike grain.

## TRADITIONAL COLLECTION

Elegantly timeless, the Apeer Traditional Collection is designed to enhance homes with traditional good looks.

# Rowton

Door APM2, Glass BO508\*  
Shown in Black

Furniture Shown: Aspire Handle, Doctors Knocker and Architectural Push-in Letterplate all shown in Chrome. \*Glass design shown with Minster backing glass.

## ROSE GOLD COLLECTION

Distinctively different and fabulously on-trend, the door furniture and glass designs in our Rose Gold Collection are an exquisite expression of individuality. The Collection has been created to complement the Sweet door furniture range and our pink door shades, but also allows you a bolder choice when paired with creams and pastel colours.

Rowton APM2\*  
Glass GR1  
Shown in Light Pink (RAL 3015)

Every effort has been made to reproduce the colour of our Apeer doors and the coloured film in the decorative glass designs. However, printing constraints will give rise to some colour deviation. Please note the grain on the GRP Apeer door does not replicate the grain on the frame as it is a PVC foil. Glass designs shown in sidelights may vary depending on sidelight width. Coloured film in glass designs is not an exact match to the door colour. Sidelights and toplights for TP glass designs are only available as triple glazed units. Rose Gold designs shown with Antique grey lead.

The glass has been designed by our inhouse glass designers specifically for this collection and any imprints on the film are a natural part of the handcrafted process.

ROSE GOLD GLASS  
DESIGN ACCENTS

Our designers have created a beautiful collection of window accent tints to complement our Rose Gold Collection door furniture. Available in traditional or avant-garde shape and bevel combinations, the accent tints also come in a flat matt or mirrored chrome finish.

Portland APL2

External View

FINGER PULL HANDLE

Finger pull handle and round escutcheon plate (thumbturn available).

Internal View

Every effort has been made to reproduce the colour of our Apeer doors and the coloured film in the decorative glass designs. However, printing constraints will give rise to some colour deviation. All Apeer 70mm doors are triple glazed as standard. Glass designs shown in sidelights may vary depending on sidelight width. Coloured film in glass designs is not an exact match to the door colour.

Please note 'Tea staining' on stainless steel components is common and is caused by the oxidation of surface contaminants on stainless steel. It is not an indication of quality and does not affect the structural integrity or the longevity of the material and periodic cleaning of the stainless steel trims will reduce the likelihood of tea staining.

SILKA COLOUR RANGE

The Silka finish suits specific colours, highlighted below.

DOOR FRAME COLOURS

Silka door frames are available in:

Anthracite grey (outside and inside),

Black (outside and inside),

White (inside only)

Light grey (inside only)

Silka Door Styles

(All shown with Glass design SB27. SB27 clear visible border is 25mm)

Every effort has been made to reproduce the colour of our Apeer doors and the coloured film in the decorative glass designs. However, printing constraints will give rise to some colour deviation. All Apeer 70mm doors are triple glazed as standard. Glass designs shown in sidelights may vary depending on sidelight width. Coloured film in glass designs is not an exact match to the door colour.

Please note 'Tea staining' on stainless steel components is common and is caused by the oxidisation of surface contaminants on stainless steel. It is not an indication of quality and does not affect the structural integrity or the longevity of the material and periodic cleaning of the stainless steel trims will reduce the likelihood of tea staining.

## MODO COLLECTION

The very latest international design trends influence our cutting edge Modo Collection.

# Somerton

Door AMD2, Glass ST61, Sidelight Glass SB27  
Shown in Anthracite Grey

Furniture Shown: 1200mm Bar Pull Handle, SB27 clear visible border is 25mm.

Every effort has been made to reproduce the colour of our Apeer doors and the coloured film in the decorative glass designs. However, printing constraints will give rise to some colour deviation. All Apeer 70mm doors are triple glazed as standard. Please note the grain on the GRP Apeer door does not replicate the grain on the frames as it is a PVC foil. Glass designs shown in sidelights may vary depending on sidelight width. Coloured film in glass designs is not an exact match to the door colour.

# Elsdon

Door AMD5, Glass SR30, Sidelight Glass SB27  
Shown in Anthracite Grey

Furniture Shown: Karcher Handle shown in Stainless Steel, SB27 clear visible border is 25mm.

Please note 'Tea staining' on stainless steel components is common and is caused by the oxidation of surface contaminants on stainless steel. It is not an indication of quality and does not affect the structural integrity or the longevity of the material and periodic cleaning of the stainless steel trims will reduce the likelihood of tea staining.

All Modo doors excluding Double doors are available with lever handles or contemporary handles. Double doors are only available with lever handles. Please note 'Tea staining' on stainless steel components is common and is caused by the oxidisation of surface contaminants on stainless steel. It does not affect the structural integrity or the longevity of the material and regular cleaning of the stainless steel trims will reduce the likelihood of tea staining.

Please note 'Tea staining' on stainless steel components is common and is caused by the oxidisation of surface contaminants on stainless steel. It is not an indication of quality and does not affect the structural integrity or the longevity of the material and periodic cleaning of the stainless steel trims will reduce the likelihood of tea staining.
